Photo and Video Gallery/ Press Release

- ❖ Photos will be available at www.APEC2022.go.th and flickr <https://www.flickr.com/people/apec2022thailand/>.
- ❖ Video footage on highlights of relevant meetings and functions will be available at <https://theshot.mcot.net/apec-2022/>.
- ❖ Press Releases and other documents for the media will be available at www.APEC2022.go.th (under Media Resources).

Video Feeds

1. Live feeds and recorded videos of the opening remarks by the APEC Chair (open session) of each session of the Summit will be displayed on screen at the Media Center. Re-runs will also be displayed on television screens.
2. The recorded video clips of opening remarks will be available for download through cloud server provided by the Host Broadcaster. Clean feeds can be downloaded through HD-SDI dropouts available within the Media Center.

International Broadcast Center (IBC)

- ❖ Mass Communication Organization of Thailand (MCOT) Public Company Limited is the official Host Broadcaster of the 29th APEC Economic Leaders' Week (AELW) and related meetings to provide international quality coverage of key and related events in standard definition, along with other broadcasting services, to all registered media members at the International Broadcast Center (IBC), located at the Media Center. MCOT will provide the following facilities at the IBC:

1. Dropouts

50 lines of dropouts in HD-SDI format (1080/50i) with embedded audio will be available to media members that do not require a media booth at a specific time to be scheduled by the Host Broadcaster.

2. Live Stand-Up Position

The Ministry of Foreign Affairs will provide 10 access points for live stand-up positions around media workstations available for advanced reservation on-site on a first-come-first-served basis. One of the ten positions will be operated by MCOT and equipped as follows:

- ❖ EFP Camera System
- ❖ Tripod camera
- ❖ Lighting
- ❖ Microphone
- ❖ Crew

Reservation of the live stand-up position with the above facilities needs to be made in advance.

3. ENG / Injection Point (available inside the MCR)

Broadcasters need to provide their own VTR or other kinds of play-back facility for such transmissions, and a test needs to be arranged in advance of booking to check and confirm compatibility 24 hours ahead.

4. Media Booths

Standard media booths (15-square meter) with lockable doors are available and equipped as follows:

- ❖ Power supply (220V/50Hz 5 AMP) and basic lighting
- ❖ One table (0.75 x 1.8 m) and four chairs
- ❖ One 43-inch TV screen
- ❖ Internet, LAN line (domestic speed of 800 Mbps/international speed of 400 Mbps)
- ❖ Access to Host Broadcaster's pool feeds in and HD-SDI format (1080/50i) with embedded audio

5. Cloud service

VDO footages and photos will be available on a cloud system 24 hours after release of pool feeds. Such cloud service can be accessed inside and outside the IBC. The cloud service will be available at <https://theshot.mcot.net/apec-2022/>.

6. Satellite

MCOT, in collaboration with National Telecom Public Company Limited, will provide a unilateral satellite transmission to requesting media agencies. A rate card will be sent upon request. Reservation needs to be made at least 24 hours before the service.

The media secretariat has circulated an email to the registered media regarding the media booth reservation which was closed on 24 October 2022. Due to space constraints, the media booths have been assigned on a first-come, first-served basis.

**All media members are recommended to study the technical standards of the Host Broadcaster as follows:*

- ❖ Daily press briefings by representatives of the Government Spokesperson Bureau, MFA or other agencies will take place in the Press Briefing Room accordingly.

2.2 Media Coverage Guidelines

2.2.1 Media Terminology

- ❖ “Host Media” refers to the host media crew of the Royal Thai Government and MCOT, including photographers and cameramen, who will cover all events in the 29th AELM and related meetings. Host media will make available the images and video footages as soon as possible after each event at the Media Center and on the website www.APEC2022.go.th.
- ❖ “Official Media” refers to the government-designated media (e.g., cameramen and photographers) attached to the delegations attending the 29th AELM and related meetings. The official media must be accredited as “media” and informed by their respective embassies or missions to the MFA. The official media will be given priority in covering the events. Only two officials from official media will be allowed to perform their duty in restricted media opportunities. For very restricted media opportunities, Host Media will share the images and video footage which could be retrieved at the media center or through cloud service.
- ❖ “All Media” refers to Host Media, Official Media, and the rest of the accredited media members holding valid media badges, including photographers, cameramen and reporters.
- ❖ “Media Liaison Officers” (MLOs) are officials in charge of media arrangements and coordination with each official delegation. Media interested in covering events beyond the published official programs, such as bilateral meetings not involving Thailand, sideline interviews with and press briefings by Leaders of APEC Economies or other high-level representatives of participating economies, should inform the MLOs for appropriate assistance.

 - (1) proof of complete registration (e.g., a screenshot or a printed page of the APEC 2022 Media Portal upon the completion of registration) and
 - (2) their original passport/ID card to collect media badges.
- ❖ In case of any inconvenience, an authorized recipient may collect the badge on behalf of the approved registrant, with additional documents as follows:
 - A copy of the passport/ID card with the signature of the approved registrant
 - A copy of the passport/ID card with the signature of the recipient
- ❖ Badges will be given upon presentation of a printed or electronic copy of the confirmation email along with a photocopy of ID card or passport.
- ❖ Media with media badges will be permitted to access conference venues and the Media Center. The media badge must be worn at all times. Please note that the media badges will be checked at the Media Center entry points. The media badges provided are non-transferable.
- ❖ On-site registration is not available.

2.2.3 Media Assembly Point

- ❖ Members of the media are required to assemble at the Media Holding Area inside the Media Center at least 90 minutes before each media opportunity. The MLOs and Media Center Secretariat representatives will accompany all reported media members to the venue for the scheduled media opportunities and back to the Media Center.

2.2.4 Media Briefing Schedule

- ❖ Please check the TV screens in the Media Center or check with the Information Counter for the latest schedule of media briefings by representatives of the Government Spokesperson Bureau or the Ministry of Foreign Affairs of Thailand as well as press conferences held by APEC Economic Leaders, Ministers or other high-level representatives of participating economies. Note that participation of the media in these press conferences is at the discretion of those economies giving the press briefing.

2.2.5 Dress Code

- ❖ Members of the media are kindly requested to wear appropriate attire (business attire) when they are in the Media Center or at any conference venue.

2.2.6 Covid-19 Protocol

- ❖ Members of the media are recommended to wear face masks inside the QSNCC at all AELW venues.
- ❖ Members of media are required to do a COVID-19 self-test with an Antigen Test Kit (ATK) in the morning before entering the AELW venue for the first time, and every 48 hours thereafter (as applicable). Please present negative test results to receive a sticker to place on your badge.

2.2.7 Meal Arrangements

- ❖ Complimentary snacks, lunches, and dinners at designated hours are provided at the dining area within the Media Center.

3.5 Airports Arrivals and Departures of APEC Economic Leaders

Due to space limitations and for security purposes, media coverage of arrivals and departures of APEC Economic Leaders in the restricted zones at the airports is limited to the host media and official media crew of the arriving/departing delegation (one photographer and one videographer each). The host media and the official media will be able to cover APEC Economic Leaders disembarking from the aircraft up to the entrance into the official designated vehicle and vice versa. Photos and video footage will be shared upon request through the International Broadcast Center.

6. USEFUL INFORMATION

To learn more about practical advice and authentic insights into every facet of Thai life, please visit <https://www.thailandnow.in.th/>

The following is a guide on getting around Bangkok and Ayutthaya. For more information, please visit <https://www.tourismthailand.org/Destinations/Provinces/bangkok/219>
<https://www.tourismthailand.org/Destinations/Provinces/Phra-Nakhon-Si-Ayutthaya/229>

Currency: The currency is in Thai Baht. Notes come in denominations of 20฿, 50฿, 100฿, 500฿, and 1,000฿. Coins come in 0.25฿, 0.50฿, 1฿, 2฿, 5฿, and 10฿. Most major credit cards are widely accepted in shopping centers and hotels but do note that most street food stalls accept only cash. For local ATMS, which are located throughout the city, Visa or MasterCard works best. Exchange rate: 37.90 Baht/US Dollar (Bank of Thailand, 1 November 2022)

Language: Thai is the main speaking language in Thailand, but most major shopping centers and tourist attractions facilitate English and Mandarin.

Weather: Rainy season in Central Thailand starts in June through November. Appropriate footwear and an umbrella are advisable.

Communication: Visitors can buy SIM cards at kiosks in airports or carriers across the city. There are specific SIMs available for those who are traveling to Thailand for only a few days that provide service for calls, texts, and data. The Thailand dialing code is (+66).

Public Transportation: Metered Taxis are commonly found. However, the easiest way to get around Bangkok and avoid traffic are through the Sky Train (BTS) and subway (MRT). For more information on fares and routes, visit: <https://www.bts.co.th/eng/> and <https://www.mrta.co.th/en/>

8. THAILAND'S APEC HOST YEAR

8.1 Theme

Thailand's theme for APEC 2022 is to make APEC OPEN to all opportunities, CONNECT in all dimensions, and BALANCE in all aspects. As we believe that the world needs a paradigm shift and actions to achieve a more balanced and sustainable post-COVID-19 economy, Thailand has adopted the Bio-Circular-Green (BCG) Economy Model as a part of our post-pandemic national recovery strategy. The economic model integrates three mainstream approaches to sustainability for a more holistic and balanced approach to advancing our economic, environmental and social goals. At the core of the BCG Economy Model is a campaign to rally each and everyone to shift their behavior to "balance all things". It reinforces continuing global efforts on climate change, and compounds with those efforts to together accelerate the achievement of the Sustainable Development Goals. This is the engine driving our APEC host year's priorities.

OPEN to all opportunities – Facilitating trade and investment

This priority focuses on facilitating trade and investment, including financial inclusion, greater ease of doing business and creating an enabling environment, as well as initiating a refreshed conversation on the realization of FTAAP through the post-COVID-19 lens to advance APEC regional economic integration that embraces new emerging trade issues such as e-commerce and digital economy, while enhancing capacity building for all economies.

CONNECT in ALL dimension – Reconnecting the region

The essence of this priority is to focus on promoting safe and seamless resumption of cross-border travel, reinvigorating tourism and the services sector, increasing investment in health security as well as facilitating greater business mobility, while utilizing digital technology to accelerate connectivity within the region.

BALANCE in ALL aspects

The final priority focuses on promoting inclusive and sustainable growth by exploring economic models and practices which prioritize addressing climate change and the region's other serious environmental challenges in tandem with robust and resilient economic growth while ensuring whole-of-society participation and delivering equitable benefits to all people.

8.2 Logo

"Chalom" or a woven bamboo basket is the official #APEC2022 logo, embodying traditions & lifestyles of Thai communities. Its design & craftsmanship reflect local knowledge & creativity in transforming raw materials into functional, innovative & durable items which remain useful to this day. A "chalom" is used to carry goods and gifts on our journey towards open trade and connectivity. Like a chalom, APEC can weave together our diverse strengths & join efforts to build a strong, resilient, inclusive & sustainable Asia-Pacific for our future generations.

8.3 Green Meeting and Green Media Center

Thailand attaches importance to sustainability as a way to ensure that no one is left behind. The APEC 2022 meetings under Thailand's Host Year will be conducted in an environmentally- friendly way through the "Green Meeting" concept of "Reducing", "Reusing", and "Recycling", with the vision to pass on a more sustainable, greener world for the next generation.

The Media Center will operate under the "Green Media Center" concept to encourage behavioral changes through sustainable practices, such as reducing paper usage, electricity consumption, and food waste, as well as separating waste and providing "green" materials for the press working area. In this connection, the Media Center will collect data on a daily basis and present visualized data to show how changes in behavior can also change the world.

The "Green Media Center" is a collaboration between the Ministry of Foreign Affairs and key APEC Communication Partners under the "Care the Bear: Change the Climate Change" project, including Stock Exchange of Thailand, Bangchak Group, Siam Cement Group, PTT Oil and Retail Business PCL, and Fortune Parts Industry PCL, PTT PCL, APEC 2022 Organizer, and QSNCC.

9. APEC COMMUNICATION PARTNERS

APEC 2022 Thailand has been in close collaboration with private companies on awareness-building and knowledge-sharing. Around 40 businesses have been designated as APEC Communication Partners, providing support for the dissemination of the logo in media and promoting awareness of APEC-related content. This is a valuable opportunity to highlight the potential of the Thai business sector as well as its commitment to advance the BCG Economy Model.

At the Media Center, APEC Communication Partners will organize exhibitions to showcase their innovation, technology, and knowledge sharing in areas of their expertise. Further detail on exhibitions can be found here shorturl.at/gtDL8
