Final review of applications and processes

ARTICLE 3 – (1) According to the 35th article of the regulation of “Prevention of Unfair Competition in Import”, prior to the expiry dates of the anti-dumping measures, the domestic manufacturers of the related products or the natural/ legal entities who act on behalf of that local production sector will have the right to demand a final review investigation because the termination of such measures will result in the continuation or the re-occurrence of the dumping and its damage. It is mandatory for the domestic manufacturers of the related products or the natural/ legal entities who act on behalf of that local production sector to support their applications for a final review investigation with sufficient evidence.

(2) Written applications supported by sufficient evidence must be submitted three months prior to the end of the relevant measures;

(3) If the application is deemed within the relevant legislation, the "final review investigation" will be launched.

(4) Existing anti-dumping measures will remain in force until the conclusion of the investigation.

(5) If the final decision of the investigation will determine that the termination of the measure will likely lead to the continuation or re-occurrence of the dumping and its damage, the current anti-dumping measure will be pursued while maintaining or changing its amount or ratio. On the other hand, if the termination of the measure will not cause the continuation or re-occurrence of the dumping and its damage, the existing measures against dumping/ the compensatory measures against subvention shall be repealed.

Operative effect

ARTICLE 4 – (1) This Notification shall come into force on the date of its publication.

Execution

ARTICLE 5 – (1) Economy Minister executes the provisions of this communiqué.
